Professional Experience

Advanced Vehicle Architecture - Intern, <i>Mahindra Research Valley</i>	06/2025 – 07/2025 Chennai
- Built an IoT-driven autonomous vehicle prototype with LiDAR-based perception, ADAS features, and ROS-powered SLAM for intelligent navigation and obstacle avoidance. - Designed a dynamic decision-making system to adapt routes based on floor-level availability. Integrated IoT communication and modular hardware for scalability in smart mobility applications.	

Education

Bachelor of Engineering, Electronics and Communication Engineering, <i>College of Engineering, Guindy, Anna University</i> CGPA: 7.34/10 (3.149/4)	10/2022 – Present Chennai
Higher Secondary Certificate (HSC), CBSE, India, <i>DAV Higher Secondary School</i> Final Score : 85%	06/2020 – 07/2022 Chennai

Skills

MATLAB | Xilinx Vivado | Microsoft Office Suite | Python | PowerBI | Leadership | Teamwork

Projects

Smart Vision for Visually Impaired People, <i>Undergraduate Project</i>	06/2025 – Present
- Developed an assistive vision system using object detection and text recognition to aid visually impaired users. - Integrated YOLO-based real-time object detection with OCR for reading street signs and surroundings. - Designed an audio feedback mechanism to convey detected objects and text as speech, enabling safer navigation. Implemented frame-by-frame analysis to identify obstacles and points of interest, ensuring timely alerts. - Focused on accessibility, usability, and real-world application by combining AI, computer vision, and speech processing.	
Security System using Raspberry Pi, <i>Undergraduate Project</i> 	08/2024 – 12/2024
Developed a security biometric system using the raspberry pi module which detects a person based on their identification card (RFID Tag) and Face Detection.	

Roles and Responsibilities

The Guindy Times, <i>Vice President</i>	06/2025 – Present
CEG Cricket Team, <i>Vice Captain / Wicket - Keeper</i>	01/2023 – 12/2024
Electronics and Communication Engineers Association, <i>Joint Secretary</i>	07/2023 – 04/2024
The Thulasidass Foundation, <i>Volunteer</i>
