Profile

Experienced AI/ML Engineer with a strong background in building Dialogflow CX chatbots, multi-agent systems using GCP and other tools.

Specialized in developing various agents for code intelligence, workflow automation and financial advisory solutions.

Skills

Primary Skills:

- *Programming Languages:* Python, SQL
- *Frameworks & Libraries:* NetworkX, Crew AI, Pandas, Scikitlearn, nltk, spacy
- *AI & LLM Tools:* ADK, RAG, Dialogflow CX, SentenceTransformers, Agentic AI systems, MCP
- *Cloud Platforms:* GCP-Cloud Run/Functions/Storage
- *Database & Graphs:* Neo4j, BigQuery
- *Backend Development:* Flask and REST APIs, Jira integration

Secondary Skills:

- Problem Solving Skills
- Communication & Collaboration
- Cross-functional Team Coordination

Professional Experience

Tata Consultancy Services (2022-Present)

1. Gen AI Development:

- **Agentic AI & LLM Automation Engineer:** Skilled in building Agentic AI systems with multi-agent orchestration, integrating RAG, LLMs (Gemini and chatgpt), Neo4j and Model Context Protocol and Google Cloud Platform ADK to automate SDLC code intelligence using Dijkstras algorithm and real-time financial insights by 20% for Healthcare clients.
- **Code Intelligence Engineer:** Achieved up to 30% boost in developer onboarding and business logic extraction and faster development through AI-driven automation.

2. Contact Center AI (CCAI) Development:

- **Conversational AI Specialist:** Designed and deployed scalable Dialogflow CX chatbots across different domains, improving response accuracy and reducing deployment time by 40% using Cloud Run, BigQuery and Gemini LLM-enhanced retrieval for vector embedding integration, backend support and analytics optimization for enterprise-grade CCAI solutions.

3. Care and Retention to GCP, Netezza to Google Cloud Platform(N2G)

- **Cloud Data Engineering:** Optimized data pipelines and job scheduling using BigQuery, Cloud Storage, and Control-M, improving query performance by 20% and ensuring scalable, automated analytics across Unix, Netezza, and Ab Initio environments ofr Telecom industry.

Professional Recognitions and Credentials:

- | | |
|--|---|
| • Microsoft Certified: Azure AI Fundamentals | • Microsoft Certified: Azure Data Scientist Associate |
| • AWS Certified AI Practitioner | • Handson approach to AI for Real World Applications by IIT Kharagpur |
| • Google Certified: Associate Cloud Engineer | • NIELIT Haridwar certification in 'Programming in Python' |

Education

07/2018 – 06/2022	BTech- Electrical Engineering
Ahemdabad, Gujarat,	<i>Nirma University</i>
India
